## THE HONOR AND RESPONSIBILITY

"Nothing Has Occurred to Strengthen the Republican Party or to Weaken Ours."

Roxboro, N. C., July 27, '98. Messrs. J. Crawford Biggs, John N. Wilson, A. L. Brooks, and A. E. Walters, Committee, etc., Greensboro, N. C.

Gentlemen: Yours of late date informing me that the democratic convention, assembled in Greensboro 21st instant, by acclamation nominated me to represent this district in the Fifty-Sixth Congress, has been received.

I appreciate the great honor and also the great responsibility conferred upon me. Being in full accord with our national and state platforms, and believing that a large majority of the people of the district entertain the principles in them declared, and relying upon the earnest and active support of the democracy, such as was given me two years ago, I confidently look forward to my election by a largely increased majority. Since the last election nothing has occurred to strengthen the republican party or to weaken ours. On the contrary the injustice and favoritism of republican principles and policies have become more evident and more oppressive, while the integrity and fidelity of our party to the interests of the great masses of the people have increased its strength.

The republican national administration has disappointed many of its early supporters, has fortified the single gold-standard, has increased the burdens of taxation, and has failed to restore those prosperous conditions to our state which republican orators assured the people would follow republican success. The prices of the great agricultural products, cotton and wheat were 25 per cent. higher when President McKinley was inaugurated than they are today.

The republican state administration has given us examples of incompetence and scandal which would greatly damage a party dependent upon virtue and intelligence for its existence. Under its public offices have been apportioned for political purposes to preserve that which sound principle does not sustain, true patriotism does not inspire, and the best interests of the people do not demand.

Appreciating the support which populists, in a spirit of patriotism, gave us two years ago, and desiring and expecting all sincere free coinage of silver and anti-trust men to hold up our hands in the coming contest we predict victory over the candidate whom the single gold standard party shall name and whom trusts shall support.

With great respect,  
Yours truly,  
W. W. Kitchin.

## Davie County Sheriff Sued.

The county of Davie has brought suit against the bondsmen of ex-Sheriff Williams for about \$3,500 which is said to be yet due. This case is to decide which of the bondsmen would have the amount to pay, there being three separate and distinct sets of bondsmen. The general funds bondsmen claim that the money that they were responsible for had been paid in but was afterward paid out as special funds. The special funds people claim that they hold receipts for all amounts that they are due and hence are not further responsible. The case, which ever way decided, is likely to go to the higher courts.—Winston Journal.

## Butler Approved It.

A populist tells me that Mewborne's letter to Chairman Simmons was submitted to Senator Butler late the other night, while Butler was in conference with Cy. Thompson and Auditor Ayer, and the senator said it was all right.—Col. Olds correspondence.

## Governor Tyler Protes's.

Richmond, July 29—Governor Tyler tonight, at the urgent request of quarantine officers at Newport News and Old Point, sent to Surgeon General Sternberg of the army, a strong protest against wounded soldiers from Cuba being landed at Fort Monroe. He called attention to the fact that the breaking out of yellow fever epidemic there, besides endangering the lives of thousands of people in Virginia, would also weaken, if it did not absolutely unman Fort Monroe, which guards the entrance to Washington; would suspend work at the government navy yard at Norfolk, and would also cause the stoppage of all work on the men-of-war now in process of construction at the private yards at Newport News. The Newport News and Old Point quarantine officers filed similar protests.

Norfolk, some years before the civil war, suffered terribly from an epidemic of yellow fever.

## A Crippled Engine.

The Winston train came in last night somewhat late and with a crippled engine. When the train was near the junction the pin connecting the driving wheel broke off the rear wheel on the right hand side. The next revolution of the front wheel threw the driving rod, which was then loose at one end, against a cross-tie with such force that the rod broke. The engine applied the brakes and the train was stopped before any further damage was done. The engine was not badly damaged.

## GENERAL MERRITT ARRIVES

And Takes Command of the American Forces at Manila.

## MARIA TERESA CAN BE SAVED.

Panic Stricken Over the Report that Cubans Will Govern the City. Sanitary Conditions There.

Cable to THE TELEGRAM.

Manila, via Hong Kong, July 30—General Merritt, accompanied by his troop transports, arrived here this morning (the 29th). The new arrivals were greeted with vigorous cheers from all of Admiral Dewey's ships.

Admiral Dewey went immediately aboard the Newport to welcome Gen. Merritt. Merritt returned the call and as he left the Olympia the salute guns could be heard easily by the Spanish in the city.

The news quickly spread that the American general had arrived. All are well and the passage was smooth and agreeable. It was considered a quick trip, the transports arriving several days ahead of time. General Merritt immediately took command of the American forces at Manila.

## MERRITT JOINS DEWEY.

Washington, July 30—A despatch received from General Merritt, who is in command of the forces sent to the Philippines, says: "Arrived here on twenty-fifth about twelve o'clock. Health of command good. Remainder of troops four days in the rear. All of the troops assigned will probably be needed."

## MARIA TERESA CAN BE SAVED.

Washington, July 30—In a report received from Sampson, the Admiral states that the Spanish man-of-war, Maria Teresa can be saved. The pumps are working and the vessel will soon be afloat. The Maria Teresa will, when raised, be towed into Guantanamo bay.

It is reported that Captain Dodge of the Fourth United States Infantry died on yesterday.

## SANTIAGO PANIC STRICKEN.

Santiago, July 30—The Spanish residents and merchants of this city have been thrown into a state of excitement verging on a panic by the report that the Americans intend to withdraw from the city and leave the government in the hands of the Cubans.

## SHAFER'S SANITARY REPORT.

Washington, July 30—The following despatches have been received by the war department and bulletined: Santiago, July 29—The sanitary conditions for July 28th are as follows: Total sick 4274, total fever patients 3400; six new cases of fever; patients restored to duty, 606; total number of deaths, 591. [Signed] Shaffer. General Shaffer's despatch is causing much concern in official circles.

## First New Tobacco.

Yesterday and today tobacco was the chief topic at the Banner warehouse; the terms of peace and continuation of the war had to take a back seat. Yesterday the Banner sold over \$1,200 worth of tobacco shipped from other markets. Today the first new tobacco of the season was sold at the Banner and price was good.

Greensboro is becoming more and more known as a tobacco market of the first order and the Banner is doing its share to extend the reputation. The new tobacco came from Rockingham county.

## Another Smashup.

As a public hack, driven by a colored man named Williams, turned from South Elm into Lewis street at a 2:40 clip it smashed into a farmer's buggy breaking the front axle of the buggy and otherwise injuring it. Williams and the farmer immediately began to exchange courteous remarks but the farmer was the fastest talker and the conversation soon became too warm for Williams who jumped to his seat and drove rapidly away.

## Surrender Denied.

Paris, May 29—A telegram from Madrid to the European edition of the New York Herald, says that a cable dispatch has been received at the Spanish capital, announcing the surrender of Manila to Admiral Dewey.

NOTHING KNOWN OFFICIALLY. Madrid, July 29—Nothing is known here, officially or otherwise concerning the report that Manila has surrendered to the American forces.

## MILES ISSUES A PROCLAMATION

The American Army Comes Bearing Banners of Freedom.

Ponce, Porto Rico, July 29—After Ponce had surrendered General Miles issued the following proclamation: "In the prosecution of the war against the Kingdom of Spain by the people of the United States, in the cause of liberty, justice and humanity its military forces have come to occupy the island of Porto Rico. They come bearing banners of freedom, inspired by the noble purpose to seek the enemies of our government and of yours, to destroy or capture all in armed resistance.

"They bring you the fostering arms of a free people, whose greatest power is justice and humanity to all living within their fold. Hence they release you from your former political relations and it is hoped for a cheerful acceptance of the government of the United States.

"The chief object of American military forces will be to overthrow the armed authority of Spain and give the people of your beautiful island the largest measure of liberty consistent with this military occupation.

"They have not come to make war on the people of the country, who for centuries have been oppressed. But, on the contrary they bring protection, not only to yourselves, but to your property, promote your prosperity and bestow the immunities and blessings of our enlightened and liberal institutions and government.

"It is not their purpose to interfere with existing laws and customs which are wholesome and beneficial to the people, so long as they conform to the rule of the military administration, order and justice.

"This is not a war of devastation and desolation, but one to give all within the control of military and naval forces the advantages and blessings of enlightened civilization."

## WOULD CONTINUE THE WAR.

Rather Than Yield Philippines Spain Will Struggle On.

Washington, July 29—It was stated tonight in a high diplomatic quarter, in such manner as to give semi-official character to the expression that if American control or supervision of the Philippines was an indispensable condition laid down as the basis for peace negotiations, it was practically certain the Spanish government would not accede to this condition, but would determine rather to continue the war.

As to the other peace conditions understood to have been decided upon by the cabinet today, those who are best able to judge the disposition of the Spanish government feel that while terms are hard, yet they do not present any insurmountable barrier to the speedy restoration of peace, and while there is no authority for saying Spain would accept them and retire from Cuba and Porto Rico, there is every indication that she will yield rather than continue a disastrous war. But the future of the Philippines appears to be of as much concern to the Spanish government as it is to the American cabinet just now and there is even greater insistence on the continuance of Spanish sovereignty over this group than there is over the more valuable islands of Cuba and Porto Rico. It is stated also that the failure to demand a money indemnity will be appreciated by the Spanish authorities as an act of noble generosity by the victors, and that this will in part reconcile the government to a compliance with the other terms laid down.

## Carolina Boys in Camp.

Port Royal, S. C. July 29—Everything in camp very quiet at present. Fourth Sergeant O'Conno has been reduced to ranks. He was reduced to a corporal, but he preferred high private in the rear ranks. Corporal Forsyth was made Fourth Sergeant in his place. Private Reid, of Lexington, N. C., is in the hospital very sick. He has heart trouble, and was taken very suddenly. The boys are getting up a crowd to go for a sail. They have chartered a large sail boat from Savannah and they intend to make a long trip. Corporal Bally is captain of the push. ## ANOTHER CITY SURRENDERS.

Gibara is Now in The Possession Of The Americans

## TWO SCHOONERS ALSO CAPTURED

Cabinet in Session And Will Dictate Terms of Peace to Spain Today—Other News.

By Wire to THE TELEGRAM.

Key West, July 30—The city of Gibara, on the northeast coast of Cuba in the Province of Santiago, has surrendered to the American army. The information was brought by Ensign Snow in charge of a prize crew aboard the Spanish schooner Gibara, which arrived here this morning.

Ensign Snow says Admiral Sampson ordered the Nashville to enter the harbor and secure the surrender of the above named city. Her decks were cleared for action and she was ready to bombard if there was any resistance which, however, was not the case.

The city has been evacuated and the Americans have taken possession of two schooners, which were found in the harbor there. They were taken in charge by prize crews and will be brought to Key West. They are expected to arrive today.

Gibara was the only city of importance remaining under Spanish rule in the Province of Santiago and was the port of Holguin.

## ANSWER TO SPAIN TODAY.

Washington, July 30—The cabinet is in session today formulating a reply to Spain's request for the presentation of terms of peace. The answer will be given to the Spanish representative today.

## SOME ENGLISH VIEWS.

Newspapers Discuss Some Possible Terms of Peace.

London, July 30—Except upon the unsettled point of the Philippines, the main lines of the terms were already discussed here. The editorials in the morning papers generally regard them as evidence of a desire on the part of the United States to treat Spain generously and to limit, so far as possible, the extension of America's administrative responsibilities beyond the seas. The papers agree that there is no limited liability in warfare. Spain is naturally sore, but they point out, she must put up with the loss of Porto Rico, and if she is well advised she will close with the American terms.

The Morning Post, however, says: "Since the United States have decided to take Porto Rico, there is no need to be fastidious about Cuba. It must be seen now that the resolution of congress was an unnecessary tying of hands. If it is consistent with justice and morality to annex Porto Rico, it cannot be wicked or unjust to annex Cuba. The spectacle of a government after a succession of victories, spending days in discussing a reply to a request for terms of peace is a novelty by no means agreeable. The art of seeing how the wind blows is of very little use for directing a ship in a storm."

The Daily Chronicle is for the annexation of the Philippines and thinks "it will not be an easy task to bring General Merritt and his army back with nothing to show but a coaling station." The paper says: "We are impatient with American modesty in believing the task of governing the Philippines too much for the United States. It must be admitted that a grave danger looms in German ambitions, but no other power will object to annexation. England has already been informed Washington to that effect and Europe, with the exception of Spain and Germany, would be relieved if the United States decided on the direction of the Philippines."

The Standard advises Spain to accept the terms and is not surprised that America does not intend to annex the Philippines. It says: "If German temper had been officially manifested, the Philippines would have been annexed just to show that America was not to be bullied. We would be glad if she did annex them and, in any case, we do not believe that she will like the idea of Spain sending the Cuban army to the Philippines."

The Daily Mail says: "We cannot believe that President McKinley will abandon Aguinaldo and the insurgents. It would be the deepest dishonor, besides sowing the seeds of universal war. A joint commission could not arrive at an enduring compromise."

In the Daily Mail's opinion an indemnity of from £6,000,000 to £7,000,000 (\$30,000,000 to \$35,000,000) will be demanded for the loss of the Maine."

### ONE YEAR OLD.

With this issue The Telegram is one year old—having begun its career on July 31st, 1897. In passing this mile post we pause long enough to look back over the road we have traveled. In doing so it would be an act of ingratitude if we should fail to mention our deep appreciation of the many kind expressions of encouragement we have received.

It was the pleasure of The Telegram to be the first paper to give the good people of Greensboro a telegraphic news service. This, we feel, has been appreciated. We have labored with the advancement of Greensboro and Guilford county as our chief aim. It has been our pleasure to see rapid strides made in the past twelve months; and we expect to see greater things in the twelve months to come.

A new enterprise is always subjected to close scrutiny—and The Telegram has not escaped the critic's eye. We are profoundly grateful to the brethren of the press for their generosity. As to the measure of success we have attained in giving Greensboro a clean and a newsy paper we leave a just and appreciative public to judge.

On Monday we begin the second year—third volume. Progress will continue to be our motto. Greensboro and Greensboro institutions and Guilford county and Guilford county enterprises shall receive our first consideration in the future as they have in the past. In return we only ask the patronage which, in your judgment, the paper merits.

In the onward march of Greensboro it is not in keeping with other things to allow filth and garbage to accumulate in back lots; it is not conducive to health to allow watermelon rind and fruit peelings to fester in the sun; it is not decent or healthful to allow cesspools to remain in the streets or on private premises. Some, or all of these conditions exist here and the sanitary officer is not doing his duty when they are allowed to remain. The health of the city should occupy first place in the minds of the people and there is a duty incumbent on the officials in this matter.

The Telegram already seems to be known far and wide. This morning we received a paper from Rome, Italy, with the address as follows: "The Greensboro Evening Telegram, Greensboro." That was all. "N. C." or "U. S. A." was not attached. As there are other Greensboros in the world it must, of course, have been The Telegram which brought it to its destination.

## THE ENGLISH PRESS.

### Thinks We Should Control the Philippines—Praise for McKinley.

London, July 29.—The weekly papers credit the United States with a desire to deal generously with Spain. The Saturday Review says:

"We are convinced that America will not play the part of Shylock; but, now that she has learned to appreciate the bravery and fighting qualities of the Spaniards, as well as the worthlessness of the Cuban rebels, she will make obvious atonement for the precipitancy with which she entered upon the war by dealing generously with her opponents."

The Spectator takes a line quite unusual in the English press, strongly urging the United States to assume direct control of both Cuba and the Philippines.

"It implores the Washington government 'rather to break an injudicious pledge to congress than to allow Cuba and the Philippines to be independent or return to the cruel Spanish dominion.'"

"Since it is equally inadmissible," says the Spectator, "to grant independence or to transfer the Philippines to any other power, it is best that the United States should assume the heavy responsibility involved, which will serve to bring out the best qualities of the American nation. England does not desire the Philippines; and, if she did, she would not take them because she wishes to prove that her sympathy for the United is quite disinterested."

The Spectator devotes another article to a eulogy of the "splendid and unexpected manner in which Mr. McKinley has risen to the requirements of a high and difficult position."

"The president has developed latent talents, showing him the possessor of many of Lincoln's great qualities. It would be remarkable," continues the Spectator, "if for the second time in a generation, the American system, really an elective monarchy, proves itself a strong system for dealing with a dangerous crisis. Europe may have been hasty in rejecting the very idea of an elective monarchy as fatal alike to stability and strength."

## Tumor In the Breast Cured

Six or seven years ago I had a lump so known to come in my breast which made it swell so much that it became so hard I could not make a dent in the breast. It was so painful and caused me to suffer so that some nights I could hardly turn in the bed or rest. Nothing did me any good, and I was very uneasy, not knowing how it would terminate. I used one-half dozen bottles of Mrs. Joe Person's Remedy, without stopping on it, and it made a perfect cure of me. The lump disappeared gradually and I have never had any trouble from it since.

## Blood Brains Money

A sick man can't make money. That's because his brain won't work. A horse won't do work unless he is properly fed. Neither will a brain. If the brain is not kept in good condition with pure, rich blood, it won't produce much. Men who fail, and men who don't, often have what they call "Nervous Prostration." Nine times in ten the nervous trouble is purely secondary. The real sickness is in their digestion and in their blood. If a man keeps his digestion in good order, and keeps his body full of pure, rich blood, he is never going to be very sick. Johnston's Sarsaparilla is made for people who want to get well and stay well. Sarsaparilla is a simple, grandmother remedy, but it cures. It purifies and enriches the blood and sends it tingling to every part of the body. That is the way it cures all ailments of the brain and nerves—cures insomnia—cures dyspepsia, rheumatism, scrofula, and every other blood disease. It clears the complexion, plumps out the cheeks, and brings back the sparkle to lifeless eyes. One Dollar is the price, and One thousand Dollars is the health-giving value of every Quart Bottle of Sarsaparilla.

Norwood and Carter.

On the Western North Carolina train going east yesterday afternoon, were Judge Norwood and Judge Carter, the latter of whom has been appointed by Governor Russell as the former's successor. Judge Norwood was on his way to Jackson, Northampton county to open Superior court Monday, having been informed by the sheriff that he would recognize him as the judge. Judge Carter will stop over in Raleigh today, and may or may not go to Northampton to assert his rights—he was undecided yesterday afternoon. He and Judge Norwood discussed the matter very amicably on board the train.—Charlotte Observer.

Electric Bitters.

Electric Bitters is a medicine suited for any season, but perhaps more generally needed when the languid, exhausted feeling prevails, when the liver is torpid and sluggish and the need of a tonic and alterative is felt. A prompt use of this medicine has often averted long and perhaps fatal bilious fevers. No medicine will act more surely in counteracting and freeing the system from the malarial poison. Headache, constipation, dizziness yield to Electric Bitters. 50c. and \$1.00 per bottle at C. E. Holton's drug store.

## HOBSON PASSED THIS MORNING.

On His Way South—Stopped Today in Salisbury.

Lieutenant Richmond Pearson Hobson passed through this morning enroute to his old home in Greensboro, Ala. He will stop a few hours in Salisbury to visit relatives and from there will go to Atlanta.

Only a few knew he was on the train this morning, but all who found it out rushed into the Pullman car to shake hands with the hero of the Merrimac.

When a Telegram reporter and others entered the car they found Lieutenant Hobson sitting alone, he being the only one of the passengers who had arisen. He was neatly dressed in a citizens' suit of gray and as he arose from his seat to shake hands with the dozen friends whom he had never seen before, he looked exceedingly handsome. Manager Morton, of the Bendheim, introduced a number of friends to the lieutenant. Engineers, firemen and other trainmen with oily overalls were greeted as cordially as any.

Lieutenant Hobson is a modest looking young man with black mustache, looks to be in the best of health and shows no sign of having spent weeks in a Spanish prison. Though a very young man he already ranks high in the list of Uncle Sam's naval constructors and while in New York closed a contract with The Merritt & Chapman Wrecking Company for raising the Spanish cruiser Cristobal Colon which was sunk by Commodore Schley near Santiago.

After spending a few days at his home in Greensboro, Ala., Lieutenant Hobson will return to Santiago to superintend the work of raising the Spanish ship.
